Poetry Writing

OA 502, Section 8104
Tuesdays – 1:30 PM – 4:30 PM
6/16/20 – 8/04/20

Instructor: Steve Trenam
(707) 696-9441

In this class students will enjoy a supportive learning environment while learning the skills necessary to write poetry in a number of forms, meters, and styles. But most importantly, my hope is that class members will come to write in ways that allow readers to experience the world around them a little differently, and perhaps with greater understanding.
